Star Exemption – Basic or Enhanced Levels: School tax bill is reduced by Star savings. Program no longer receives an increase in savings. The exemption program is closed to new applicants. To apply for Enhanced you must have received the Star exemption on the property for the 2015-2016 school year. Current exemption recipients, Basic or Enhanced, can voluntarily switch to Star Credit to take advantage of the possible 2% increase in savings each year. The registration phone number is in the new homeowner link below. Information provided in registration will determine basic or enhanced level.

Taxes

Assessors are interested only in fairly assessing property in their assessing unit. If your assessment is correct and your tax bill seems too high, the assessor cannot change that. Complaints to the assessor must be about how the property is assessed. Taxpayers unhappy with growing property tax bills should not only be concerned with assessments, but they should also examine the scope of budgets and expenditures of the taxing jurisdictions (town, county, and school districts) and address those issues in the appropriate and available public forums. The assessor is not involved in determining the total amount of tax collected in your community, the tax rate, or the collection of taxes. Town & County taxes are collected by the Town Clerk/Tax Collector, Judy Voss, and each school district has its' own tax collector (refer to your bill.) School tax bills are sent September 1 and Town/County tax bills are sent January 1 each year. Keep your mailing address current with the assessment office for timely delivery of both tax bills and assessment notifications.

Assessed Values

Be advised that each property owner has the responsibility of examining the Tentative Assessment Roll, to be filed May 1 each year, regardless of any assessment change notice that may be mailed. Assessments change as a result of alteration/remodel, new construction, fire, demolition, parcel split/merge, data correction or a town wide reassessment, which are all necessary in maintaining an equitable assessment roll. Town wide reassessment projects (aka reval) are typically conducted every three to four years, depending on real estate activity. 2020 was the most recent reval. (A townwide reval is scheduled for the 2026 assessment roll*) A printed assessment roll can be viewed in the Assessment Office or the Town Clerk's Office. It can also be viewed online within 10 days of the filing of the assessment roll (see filing dates below) using the link on the home page or assessor's page of this website.

*More information on the 2026 reval will be made available in the coming months. This will be accessible through an icon on the home page next to "Upcoming Events; Things to Do; and Town Clerk."

Key Dates in the Valuation Process:

Valuation Date – July 1st

Taxable Status Date – March 1st

Tentative Assessment Roll filed – May 1st

Final Assessment Roll filed – July 1st

Informal review of your assessment should start with the Assessor and can take place anytime throughout the year keeping in mind the timeline above. However, between taxable status day and the filing of the tentative roll (generally March through May) it should be done by appointment. During the review, verification of data used to produce the assessment should be completed and discussion held to include both how the assessment was determined and then the reason(s) you think the assessment

should be adjusted. Please come prepared with your research and information to substantiate your opinion of value. If this step does not obtain the result you desire, then your next step in the process is to file a grievance with the Board of Assessment Review.

Grievance Day

The South Bristol Board of Assessment Review meets each year on the fourth Tuesday in May.

The next Grievance Day is Tuesday, May 26, 2026, 4pm-8pm. Complaint forms and information on “What to do if you Disagree with Your Assessment” are available at tax.ny.gov. [Instructions.](#)

Please mail or deliver the grievance form and supporting documentation to the Assessment Office so that it arrives on or before grievance day. Email is not an acceptable form of delivery. If you mail the form, even if it is postmarked on or before grievance day, it is deemed to be late if it does not arrive by grievance day. Ideally the form should arrive at least five days prior to grievance. Otherwise, the assessor can request an adjournment to have time to prepare a response to your complaint.
